PP Boru Kaynak Makinaları / PP Pipe Welding Machines

F - 2006 Up to 75 mm

F - 2006 Plastic Pipe Welding Machine Set

Weight : 5,3 kg	Cable : 3x1 mm ²
Power : 800+700 Watt	Thermostat Regulation Indicator : 50-300 °C
Frequency : 50-60 Hz	Resistor Material : Stainless Steel
Voltage : 230 V	Material of machine body : Aliminium
Operating Temperature : 260 °C	Other Specifications : The set contains 20-25-32-40 mm

Welding Sockets , 42mm pipe cutter, bubble level , counterfort,stopend, allen wrench, boss,metre. Also the surface of heater is coated with teflon.

Dimension : 50x51x30cm	QTY : 5
-------------------------------	----------------

F - 2001 Up to 63 mm

F - 2001 Plastic Pipe Welding Machine Set

Weight : 5,15 kg	Cable : 3x1 mm ²
Power : 700+700 Watt	Thermostat Regulation Indicator : 50-300 °C
Frequency : 50-60 Hz	Resistor Material : Stainless Steel
Voltage : 230 V	Material of machine body : Non-combustible plastic
Operating Temperature : 260 °C	Other Specifications : The set includes 20-25-32-40 mm

Welding Sockets, 42mm pipe cutter, bubble level , allen wrench, boss, metre. Also the surface of heater is coated with teflon.

Dimension : 50x51x30cm	QTY : 5
-------------------------------	----------------

F - 2000 Up to 63 mm

F - 2000 Plastic Pipe Welding Machine Set

Weight : 5,1 kg	Cable : 3x1 mm ²
Power : 700+700 Watt	Thermostat Regulation Indicator : 50-300 °C
Frequency : 50-60 Hz	Resistor Material : Stainless Steel
Voltage : 230 V	Material of machine body : Aliminium
Operating Temperature : 260 °C	Other Specifications : The set contains 20-25-32-40 mm

Welding Sockets , 42mm pipe cutter, bubble level , counterfort, allen wrench, boss,metre. Also the surface of heater is coated with teflon.

Dimension : 46x70x29cm	QTY : 5
-------------------------------	----------------

as Model Up to 63 mm

as Model Plastic Pipe Welding Machine Set

Weight : 4,8 kg	Cable : 3x1 mm ²
Power : 700+700 Watt	Thermostat Regulation Indicator : 50-300 °C
Frequency : 50-60 Hz	Resistor Material : Stainless Steel
Voltage : 230 V	Other Specifications : The set includes 20-25-32-40 mm
Operating Temperature : 260 °C	

Welding Sockets, 42mm pipe cutter , counterfort, allen wrench, boss

Dimension : 47x62x28cm	QTY : 6
-------------------------------	----------------

FL-200 Up to 125 mm

FL - 200 Plastic Pipe Welding Machine Set

Weight : 4,6 kg	Cable : 3x1 mm ²
Power : 1600 Watt	Thermostat Regulation Indicator : 50-300 °C
Frequency : 50-60 Hz	Resistor Material : Stainless Steel
Voltage : 230 V	Material of machine body : Aliminium
Operating Temperature : 260 °C	Heater Diameter : 200 mm

Dimension : 50x51x30cm	QTY : 5
-------------------------------	----------------

F - 2010 Up to 40 mm

F - 2010 Plastic Pipe Welding Machine Set

Weight : 4,9 kg	Cable : 3x1 mm ²
Power : 1000 Watt	Thermostat Regulation Indicator : 50-300 °C
Frequency : 50-60 Hz	Resistor Material : Stainless Steel
Voltage : 230 V	Material of machine body : Aliminium
Operating Temperature : 260 °C	Other Specifications : The set contains 20-25-32-40 mm

Welding Sockets, 42mm pipe cutter, bubble level , counterfort, allen wrench, boss,metre. Also the surface of heater is coated with teflon. You can use 4 threaders at the same time.

Dimension : 47x62x28cm	QTY : 6
-------------------------------	----------------

PP Boru Kaynak Makinaları / PP Pipe Welding Machines

Boru Boğma Mengenesi 63 mm

Squeezing Tool 63 mm

Petek Temizleme Makinası VR-01

Maksimum Baskıç	: 4 Bar
Maksimum Debi	: 60 l / dk
Maksimum Sıvı Sıcaklığı	: 80 °C
Depo Hacmi	: 33 litre
Istıcı	: 2000 Watt
Motor Gücü	: 650 Watt
Volтаж - Frekans	: 230 V 50 Hz

PP Boru Kesme Makasları / PP Pipe Cutter
